- d) Costs;
- e) Size and nature of the order;
- f) Any other considerations relevant to the execution of the order.

8.3.2. It is emphasized that the specific instructions as mentioned above prevent the Company from taking the steps that it has designed and implemented in order to ensure the best possible result for the execution of those Orders in respect to the elements covered by those instructions.

We do not consider the above list exhaustive and the order in which the above factors are presented shall not be taken as an indication of their priority.

8.3.3. The best possible result for our Clients will be determined in terms of the total consideration, represented primarily by the price of the financial instrument and the costs related to the execution. The costs related to the executions include the expenses incurred by the Client which are directly related to the execution of his/her order.

8.3.4. The other execution factors of speed, likelihood of execution, size, nature or any other relevant consideration will, in most cases, be secondary to the price and costs considerations, unless they would deliver the best possible result for the Client in terms of total consideration.

#### **8.4. Cancellation/Withdrawal of Instructions**

8.4.1. Non-market orders may be cancelled via the Company's Online Trading Platform, but we can only cancel your instructions if you explicitly request so, if we have not acted up to the time of your request upon those instructions.

8.4.2. Executed instructions may only be withdrawn or amended by you with our consent.

8.4.3. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

#### **8.5. Right not to Accept Orders**

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason, but we shall promptly notify you accordingly.

#### **8.6. Control of Orders Prior to Execution**

8.6.1. We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation):

- a) Controls over maximum or minimum order amounts and maximum or minimum order sizes;

- b) Controls over our total exposure to you;
- c) Controls over prices at which orders may be submitted (to include, without limitation, controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d) Controls over an electronic services (to include, without limitation, any verification procedures to ensure that any particular order or orders has come from you); and/or
- e) Any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

## **8.7. Trade Adjustments**

8.7.1. Clients must be aware that CFD transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the instrument so that transactions are 'leveraged'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the Client.

8.7.2. The Company exclusively reserves the right to widen its variable spreads, adjust leverage and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the Company's Trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility.

## **8.8. Execution of Orders**

We shall use our reasonable endeavors to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such order or that execution will be possible according to your instructions. If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf, we shall notify you promptly.

Despite the above, we have designed appropriate policies and procedures in order to ensure compliance with the obligation to execute orders on terms most favorable to our clients and to achieve the best possible result for them, taking into consideration each client's ability, needs and trading policies, producing a result which provides, in our view, the best balance across a range of sometimes conflicting factors. For more information please refer to the Order Execution Policy. In respect of Retail Clients, the best possible result is determined in terms of the total consideration. The Company shall apply best execution rules in cases where you have not provided the Company with specific instructions.

We take all the appropriate measures in to manage any possible conflict of Interest that may arise in accordance with the provisions of our Conflict of Interest Policy.

## **8.9. Trade Confirmations**

Confirmations for all Transactions that we have executed on your behalf on that trading day will be available on your Account. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive and binding

upon you if not objected to within 3 calendar days by e-mail if orders were placed through the Company's Online Trading Platform.

In cases where the prevailing market represents prices different from the prices posted online by the Company on the Website, the Company will attempt, on a best efforts' basis and in good faith, to execute Market Orders on or close to the prevailing market prices. This may or may not adversely affect Client's realized and unrealized gains and losses.

You may request to receive the Account statement monthly or quarterly via email.

## **8.10. Improper or Abusive Trading**

8.10.1. The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the Company's Online Trading Platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

8.10.2. Should you execute transactions falling within the definition of Market Abuse or execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith, the Company shall consider this as unacceptable behavior.

8.10.3. Should the Company determine, at its sole discretion and in good faith, that you are taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such, as for example:

- a) Fraud/illegal actions that led to the transaction;
- b) Orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c) Arbitrage trading on prices offered by our platforms as a result of systems errors;
- d) Coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates; and/or
- e) Orders placed with the use of inside information (i.e. abusive exploitation of privileged confidential information, the misuse of information or directors trading shares of their own companies);

then, the Company will have the right to:

- a) Adjust the price spreads available to you; and/or
- b) Restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- c) Obtain from your Account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- d) Reject an order or to cancel a trade; and/or
- e) Terminate our relationship.

## **8.11. Disabling and Cancelling Deposits**

8.11.1. We have the right not to accept funds deposited by you and/or to cancel your deposits in the following circumstances:

8.11.2. In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned only to the bank account that they have been initially received from.

## **8.12. Performance and Settlement of Transactions**

You will promptly deliver any instructions, money, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us. The Company shall proceed to a settlement of all transactions upon execution of such transactions.

Following execution of the order, we will send you an electronic confirmation in respect of that Transaction as soon as reasonably practicable, and in any event within the time required by the relevant laws and regulations.

You consent to receive all Account information, Trade Confirmations and Account Statements through the internet, which is considered as durable medium.

If you no longer wish to receive such information through electronic means, you must notify us and revoke this consent in writing. However, if you revoke your consent, your access to our Trading Platform may be restricted or terminated, at our sole discretion.

## **8.13. Position Limits**

We may require you to limit the number of open positions which you may have with us at any time and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

## **8.14. Withdrawals**

Without prejudice and subject to these Terms and all Applicable Laws and Regulations funds may be withdrawn by you from your Account once your withdrawal request is processed and approved, provided that such funds are not being utilized for margin purposes or have otherwise become owing to us, there is a remaining positive balance on your Account and the Account is approved following the verification of the Client as per the applicable Anti-Money Laundering Laws and Regulations governing the Company.

We will process your request to withdraw funds on the same day that the request was received, or the next working day if your request is received outside of our normal business hours.

Your withdrawal request will be processed by us and sent to the same bank, credit card or other source for execution owned by you. No Account withdrawals to third parties will be processed by the Company.

If you request a withdrawal of funds from your Account and we cannot comply with it without closing some part of your open positions, we will not comply with the request until sufficient positions are closed, and we have established that you have a positive balance on your Account to make the withdrawal.

### **8.15. Inactive Account and Dormant Accounts**

8.15.1. The Client acknowledges and confirms that any Account(s) holding funds, held by the Client with the Company where the Client has neither opened nor closed positions and doesn't have an active open position for a period of 1 year and more, shall be classified by the Company as an Inactive Account ("Inactive Account").

8.15.2. Any Account that is not an Inactive Account shall be classified by the Company as an active Account ("Active Account").

8.15.3. Any account with credit balance which has been open throughout a period of 5 years and during that period no transaction have been carried out in relation to the account by or on the instructions of the holder of the account, shall be classified by the Company as a Dormant account ("Dormant Account").

### **8.16. Negative Balance Protection**

For the benefit of the Company's Retail Clients, the Company has implemented "negative balance protection" on a per account basis, whereby the Client cannot lose more than his/her investment. Nonetheless, the Client is expected to actively monitor and manage open positions in the account and to contact the Company about options if the account is close to a Margin Call.

It is possible for adverse market movements to result in the loss of more than your Account balance, so that it becomes negative. In this case, we will bear the negative consequences of such adverse events and any of your losses will be limited to your Account balance.
